

SUMMARY

BCA graduate who enjoys both building things and breaking down how they work for others. Recently shipped a mobile app handling encrypted QR-based contact sharing – built independently from scratch. Strong foundation in core CS concepts including OOP, data structures, and algorithms, with hands-on experience in real-world software development. Looking for a role where technical skills and the ability to communicate complex ideas clearly both matter.

EDUCATION

Brainware University

Bachelor of Computer Applications
2022 – 2025

Hatthuba Adarsha Vidyapith

Higher Secondary
2020 – 2022

Hatthuba Adarsha Vidyapith

Secondary
2019 – 2020

CERTIFICATIONS

- The complete JavaScript Course: From Zero to Expert
- Web Development(React JS)

PROJECT

Linkly – Mobile App for Digital Contact Sharing

- Built a complete mobile application from scratch for instant digital contact sharing via encrypted QR codes
- Implemented AES encryption for secure data transfer between users
- Used local device storage for offline contact management
- Independently handled the full development cycle – from UI design to storage architecture
- Tech used: React Native, TypeScript, Expo, Zustand, MMKV, CryptoJS, NativeWind

TECHNICAL SKILLS

- **Language:** JavaScript (ES6+), Java, Python
- **Mobile & Web Technologies:** React Native, Next.js, React.js, HTML5, CSS3, Tailwind CSS, NativeWind
- **Tools:** Git, GitHub, GenAi tools

SOFT SKILLS

- Able to simplify complex technical concepts into understandable terms
- Self-driven with a habit of learning by building real projects
- Comfortable working independently as well as in a team
- Open to feedback and continuous improvement
